MORE THAN JUST KICK-ASS KOMBUCHA

THE REMEDY RANGE

THERE'S A
Remedy
FOR THAT

HI, WE'RE REMEDY. THE REAL DEAL.

We could tell you that when Sarah and Emmet Condon started Remedy in their kitchen in Melbourne, they had no idea what lay ahead. But we'd be lying. They had an inkling. It all started with some home-brewed kombucha. Their kids were into it. Their mates were hooked. Family members were dropping by more often for a taste.

Sarah and Emmet

Sarah and Emmet Condon started Remedy in 2012 on their kitchen bench with a tasty batch of home brewed kombucha. Meanwhile, the supermarket was full of drinks that were either straight-up-unhealthy, fake-healthy, or legit-healthy but not-so-tasty. They looked around and thought, "There's a Remedy for that!"

They cracked a secret magic code: a drink that was tasty AND genuinely better for you. Fast forward a few years and the Remedy family has expanded to a growing range of better, tastier drinks, including Remedy Kombucha, Remedy Sodaly, Remedy K!CK, Remedy Shots and Remedy Switchel ACV.

NO SUGAR
for real

During the fermentation process, all the sugar is converted into healthy organic acids leaving no sugar, for real.

all-natural
INGREDIENTS

Remedy Kombucha is brewed the old school way - long aged, in small batches.

A-OK IN or OUT
of the **FRIDGE**

Our kombucha is a-okay in or out of the fridge as we brew out all the sugar, leaving only strong and healthy live cultures.

KOMBUCHA

Australia's favorite Kombucha brand*

At Remedy we are obsessed with creating the best darn booch going 'round. We brew the old school way in small batches for 30 days using real tea leaves and a SCOBY, which stands for Symbiotic Culture Of (good) Bacteria and Yeast. The result is a flavourful, all-natural, sparkling bevvie that is packed with live cultures, tea polyphenols (aka antioxidants) and organic acids. Best of all it has no sugar, for real.

SODALY

No Sugar, 100% Natural Soft Drink

Guilt-free never tasted so good! Sodaly is the 100% natural soft drink you've been longing for! It's big in flavour but low in cal. It's full of prebiotic goodness and has no sugar, for real

SHOTS

Your wellness artillery

Whether you're feeling run down, indulged in one too many late-night souvas, need a pick-me-up, or to catch some sweet Z's we've built you your own wellness artillery in the form of our mini-but-mighty Remedy Shots.

SWITCHEL ACV

Remedy Switchel ACV is a refreshing reboot on an old-school bevvie. With a hint of sweet, a touch of sour and a spicy ginger kick, this is your new go-to for a daily dose of goodness.

GINGER BEER

Ginger beer that's true to its roots. Brewed with real Aussie ginger, it's bold, refreshing, and full of flavor. No sugar, nothing artificial - just proper ginger beer, done right.

BEER WITHOUT THE HANGOVER

A DELICIOUS AND REFRESHING EXTRA PALE ALE. NO DOWNSIDES.

QUIET XPA

TASTING NOTES:

Tastes like a delicious, refreshing beer. Tropical and citrus aroma with a lingering and unmistakably beery finish. Unfiltered with balanced bitterness and a subtle malt sweetness, reminiscent of your old pals.

Create your own normal... whilst being respectful of and celebrating the normal of others, who may not think your normal is heaps normal. Naturally brewed to less than 0.5% alcohol by volume, with no additives or preservatives.

Pairs Well With:

HOPS: Eclipse, Kohatu & Simcoe

MALT: Pale Malt, Rolled Oats & Rolled Wheat

The Journey to a Naked Life.

The journey to a Naked Life has been years in the making and began on the kitchen counter of our founder David. What started as an experiment to reduce sugar in his own diet, is today a relentless mission to accelerate a healthier Australia and change the face of drinking for good.

Thanks to his Samoan roots, sharing moments is part of Dave’s DNA - and enabling everybody to partake in these moments without compromising on taste is our driving force.

Our botanicals are crafted using the age-old process of distillation. Harnessing the power of

steam, they’re gently heated until the aromatic vapours are captured in an intensely fragrant liquid. By using these premium ingredients and delicate processes, we are able to transform our natural extracts and unique flavours into classic cocktails and mixed drinks that deliver the unmistakable taste of the drink you love.

Not only without the alcohol, but without the sugar or high calories.

SPARKLING NON-ALCOHOLIC COCKTAILS.

- NON-ALCOHOLIC.
- LOW IN CALORIES.
- SUGAR FREE.
- AUSSIE MADE & OWNED.
- INTERNATIONALLY AWARDED.
- ALL NATURAL.
- CRAFTED WITH DISTILLED BOTANICALS.

GREAT UNCLE KENNY'S AMAZING • SNACKA • CHANGI CHIPS est. 1649

QUITE NICE
CHIPS!

WHAT MAKES SNACKACHANGI THE WORLD'S GREATEST POTATO CHIP?

Is it the fact that they only use 'free-range' non-caged potatoes? Perhaps it's innovations like being the only company to put the vinegar in first with the revolutionary Vinegar and Salt range? Maybe it's the fact that Snackachangi chip's solid structural integrity, make them stronger, allowing them to handle dips that are up to 76 percent thicker and heavier! Or maybe it's just the fact that they taste so damn good!

Whatever the reason it's not surprising that they took out 'best new-comer' at the chip and dip awards held in Melbourne in 1649 and 'Chips with the best indoor outdoor flow' the following year!

Traditionally salted
in a tumble
dryer by our
seasoning expert
'Big Dave Tuscan'

"They said it
couldn't be done,
but we put the
vinegar in first"

We combined the
Chive & Onion to
create what we like
to call "Sour Cream
& Chonion"

With a hint
of scorpion
venom!?!?

BARBELL

IT'S GOOD TO
EAT MEAT

WHO WE ARE

At Barbell Foods, we make the most sustainable and healthy meat snacks on the market. Most meat snacks contain sugars or preservatives but 'keeping it real' means no bulls#&t ingredients. This is our self-talk whenever we're making food choices but it's also our motto for a good life.

BETTER FOR THE LAND, ANIMAL + YOU

There is growing demand for quality over quantity when it comes to meat and how it's farms. Our meat snacks are made using some of the best meat in the world - organic, regeneratively farmed beef and wild kangaroo.

NO BULLS#&T INGREDIENTS

Our meat snacks are free from gluten, soy, dairy, sugar, nuts, seeds and preservatives. Containing nothing but meat, vinegar and spices, you can find every ingredient in your fridge and pantry.

MEET OUR CUSTOMERS

For those who value delicious, nutritious and convenient food, our meat snacks can be eaten: on-the-go, in the lunchbox, at the office desk, after the gym or as an appetiser to keep you going strong until your next meal.

STACKED WITH PROTEIN

Almost double the protein content of tuna. Each 100g serving includes 40g of protein.

WORD ON THE STREET

With over 3,500 5 star reviews and 1 in 3 people buying after trying at events, you don't need to take our word for it when we say, people love it.

BILTONG

Made with Australian organic grass-fed beef and free from preservatives and sugar our biltong is bite-sized slices of beef preserved by natural methods; giving it a softer texture and more natural flavour compared to jerky.

Spoon-licking, teeth-crunching, tongue-schmacking, highly-recommendable goodness, here to blow your mind and make a mark.

From NOYA who make it, to the King who taught them, NOYA nut butters have been spread for over twenty years. Born in Brunswick, north of the Yarra, NOYA’s butters are nothing more than naked nuts: cracked, blended and bottled.

Made with love, NOYA is addictively delicious and naturally nutritious. Each butter has been handcrafted in small batches using the very best of nuts. Nuts that have been lightly dry-roasted to perfection, crushed and then blended, creating a naturally sweet, seriously creamy nut butter.

We’re nuts about nuts, you see. We’re nut royalty so we devote our whole lives to them. Where there is a shelf or spoon, we’ll be there. Ready to spread how and when you like. Made in Melbourne and spread everywhere, with NOYA you can rest knowing you are spreading the best.

Nothing but nuts, seriously.

THIS STUFF IS SERIOUSLY ADDICTIVE.

A moreish peanut brittle handmade the old-fashioned way, from golden-roasted Queensland peanuts, real buttery caramel, and our signature dash of Murray River salt. Now in two flavours!

As an all-Australian company, we're proud supporters of the local peanut farmers and sugar cane producers who make each and every bite so packed with sundrenched flavour.

A note on our new Concentrated Chicken Bone Broth

It took a long time to crack, but we've finally done it. This is Australia's first ultra pure, concentrated Chicken Bone Broth, made from free-range Australian chicken bones.

Unlike other concentrated Chicken Bone Broths, we have not used any filler ingredients. Each jar only

contains The Stock Merchant's Free Range Chicken Concentrate, grass fed collagen and sea salt.

Pure and unadulterated, our Chicken Bone Broth Concentrate adds a new dimension of flavour in all uses. We are expecting strong shopper demand for this product's entry to the category.

FARMER JO®

WANT ME . EAT ME . LOVE ME

Bored of tasteless, mass produced mueslis on Australian shelves, the founders of Farmer Jo KNEW it could be better.

So in 2010, as a young couple with a baby, Sally and Scott Tulloch created Farmer Jo and muesli became their lives.

Spending all their money and time making delicious artisan mueslis, they filled their house and people’s bellies at the local produce markets. Fast forward to today, Sally and Scott have four babies and are still making that awesome muesli by hand in their kitchen with the help of an amazing team of muesli enthusiasts.

Sydney was their home for years but they recently relocated the whole gang to the Byron Bay region for some chill vibes and fresh air. Farmer Jo’s mission... to make everyone realise how great muesli CAN be. Say hello to a proven volume driver with standout package design and the best tasting muesli and granola on the Australian market!

HI THERE, WE'RE

We exist to end exploitation in cocoa. Not just the cocoa in our chocolate, but in all chocolate worldwide. The more people join us and share our story, the sooner we'll change the industry, ending forced labor, child labor and deforestation in cocoa. The choice is yours. Are you in?

B-corp and Fairtrade certified

unequally divided, like the chocolate industry

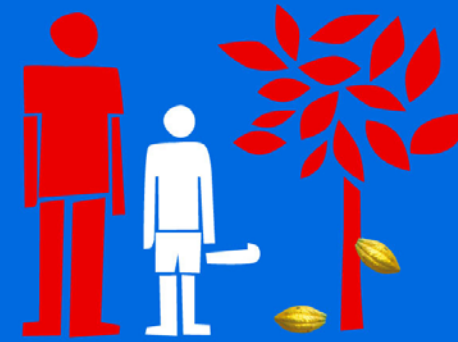

sourcing cocoa responsibly according to Tony's 5 Sourcing Principles

bold flavors + packaging

damn tasty, chunky chocolate

SHARE OUR CHOCOLATE, SHARE OUR STORY

Right now, there is illegal labor on cocoa farms in West Africa – with 1.56 million children involved in child labor in Ghana and Côte d'Ivoire. The root cause? Poverty. A direct result of the unequally divided cocoa chain.

At Tony's, we're committed to ending exploitation in cocoa. Not just the cocoa in our chocolate, but in all chocolate worldwide.

With incredibly tasty chocolate, we lead by example and show the world that chocolate can be made differently: in taste, packaging and the way we do business with cocoa farmers.

We set the standard with Tony's 5 Sourcing Principles. They include paying a higher price for cocoa long-term to enable farmers to earn a living income and using 100% traceable beans to drive down child labor and prevent deforestation.

Alone, we'll end exploitation in our cocoa supply chain, but together we can change the industry across the globe. That's where you come in.

The more people join us and share our story, the sooner we'll end exploitation in cocoa together.

The choice is yours. Are you in?

Olsson's is the only family-owned and operated company producing super premium sea salt in Australia.

Luxurious, delicate and perfectly formed, Olsson's Sea Salt is soft, sweet and is Australia's answer to imported fleur de sel.

The ancient tradition of making sea salt into flakes is a closely guarded secret and has taken over a decade for Olsson's to perfect. Olsson's are the first company in Australia to produce "flat" Sea Salt Flakes (similar to the French "fleur de sel" sea salt flakes), an extremely delicate sea salt flake, easily crumbled in the fingers. Many other salt flakes have a "pyramid" shape, making their structure more durable and as a consequence, less delicate.

The provenance of Olsson's salt is the Spencer Gulf in South Australia and the Great Barrier Reef region in Queensland. Constant product innovation has seen the launch of a beautifully presented Macrobiotic Sea Salt.

Redgum Smoked Sea Salt

Olsson's Redgum Smoked Sea Salt is a beautifully packaged, traditional smoked salt enhanced with the aromatic and complex characteristics of the Australian red gum wood. It adds a rich, smoky flavour to everything from meats, poultry and seafood to salads, soups, sauces and vegetables.

Sea Salt Flakes – Cube Box

Luxurious, delicate and perfectly formed, Olsson's Sea Salt Flakes are soft, sweet and delicate. This product is made from the pristine sea waters of the Great Australian Bight and is completely natural, chemical and preservative free and retains an exceptional sea salt taste.
